## Crank Shaft Platform Side View

A technical drawing of a structural frame, likely a beam or girder, shown in perspective. The frame has a total length of 108.00. A horizontal dimension of 18.00 is indicated between two vertical supports. A vertical height of 2.00 is shown from the base to a horizontal projection. A symbol at the top right indicates a maximum deflection limit of 2.0 units. The word "Crane" is written near the bottom right corner.

## INTERPRET GEOMETRIC TOLERANCING PER:

#### FINISH

DO NOT SCALE DRAWING

The figure shows a technical drawing of a structural component. A vertical line on the left indicates a total height of 64.00. A horizontal line at the bottom indicates a total width of 90.00. The component features a central vertical slot with a width of 16.00. The distance from the left edge to the center of the slot is 7.00. The distance from the right edge to the center of the slot is also 7.00. The distance from the left edge to the right edge of the slot is 2.00.
